VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Options trading is recorded in non-IRA brokerage accounts. IRA account only records the few option transactions in companies where I did not own the underlying stock continuously. (Only two-GLD and ICE) Calls and Puts of stock I owned were traded in IRA account to hedge prices of common stock and do not add any information regarding ownership that is not already reflected in underlying common stock which was owned by me throughout the last year. IRA Option premiums were small monthly transactions to insure maintenance of the underlying common stock price.
