VIII. ADDITIONAL INFORMATION OR EXPLANATIONS. *(Indicate part of report.)*

Part IIIB: My wife owns Rock Me Baby Records, Inc., an S-corporation. She draws income as an employee, the amount of which I did not list, pursuant to instructions on page 17 ("If spouse is self-employed in business or a profession, only the nature of such business or profession and the words 'self-employed' should be reported . . ."). In reporting year 2014, I listed the company as an investment in Part VII because the company has value and my wife owns the company. After filing my 2014 reporting year report, I received a letter from the Judicial Conference of the United States Committee on Financial Disclosure stating, "In the future, your wife's salary from "Rock Me Baby Records, Inc." should be reported in III.B as non-investment income instead of Parts VII or VIII . . ." Nonetheless, because, aside from any income my wife earns, her company constitutes an asset, I continued to list this company as an asset in Part VII. Further, pursuant to the above quoted instructions from page 17, I did not include her salary in spite of the above quoted language from the letter the Committee on Financial Disclosure sent me. My assumption is that the Committee did not realize that my wife is the sole proprietor of her business, as described on page 17 of the instructions.

Part VII, item 12: I listed Baycom as a "Sold" because this appeared to be the best option given the following circumstances. Baycom purchased a company in which I owned stock. In previous reports, however, I mistakenly failed to list this stock. As a result, I am providing a history of my ownership in what is now Baycom stock. I became the executor of my grandfather's estate when he died in 2008. At the time of his death, he owned small amount of stock in Union Financial Corporation. This stock could not be sold because it was not being traded on any market. In 2014, First ULB purchased Union Financial Corporation and, as a result, all Union Financial stock was transferred into First ULB stock. The Union Financial stock that was still part of my grandfather's estate converted into 92 shares of First ULB stock valued at \$18.42 per share which means the total value of the stock in May 2014 was \$1,696.87. Like Union Financial Corporation stock, First ULB stock was not easily traded. Because my grandfather's heirs wanted to close the estate, I agreed to take ownership of the stock and pay the heirs their portion of the \$1,696.87 value of the stock. Although I do not have any record of the value of this First ULB stock in 2015 or 2016, the value on December 30, 2016 was \$2,369. In 2017, First ULB was part of a merger in which several companies merged to form BayCom Corp. When my First ULB stock converted to BayCom Corp. stock on June 9, 2017, I received 89 shares of BayCom Corp. stock and \$1,249.34. On December 31, 2017, the 89 shares of stock were valued at \$1,731.05.
